

**Has your baby had a stoma  
in the last three years?**

We are looking for parents of babies who have had a stoma in the last three years to help us design a clinical trial to inform the future timing of stoma closure surgery.

**Your views are extremely important to ensure the trial is designed in a way that is acceptable to families.**

Please contact (researcher) or Kerry for details of how to take part in a telephone interview:
