

VOCAL RESEARCH STUDY CONSENT FORM FOR SERVICE STAFF

Please initial all the boxes and give this form back to the person who gave it to you. If you don't feel able to initial all the boxes, or if you change your mind at any point, you can choose not to take part in the study.

	Initial
I have read the information sheet Version 1 dated 8 th July 2014 asked any questions I want.	
I understand that the VOCAL study is being conducted by researchers from Barts and the London School of Medicine and Dentistry and Barts Health NHS Trust.	
I understand that the research may include the following: <ul style="list-style-type: none"> • Interview about my work related to the Skype consultations • Workshop with the research team and other staff members about how the Skype consultations relate to organisational practice 	
I understand that if I change my mind about this research, I can say so at any time and the data will be erased and not used further and the research team will no longer contact me.	
I give permission for the interview to be audio-recorded	
I give permission for direct quotations to be used in reports and publications as long as all identifying information will be removed	
I agree to participate in the study.
