Dear <<Title>> <<Surname>>

The PROSPECT STUDY: PROlapse Surgery: Pragmatic Evaluation and randomised Controlled Trials

Thank you very much for taking part in the Prospect Study – you very kindly agreed to help this research project when you had your prolapse surgery.

We are keen to find out how you have been getting on during the last two years since your operation. We have enclosed a review questionnaire, and would be very grateful if you could fill it in.

Although some of the questions may not seem relevant we would like you to complete the questionnaire fully. However, you are not obliged to answer every question if you do not want to. If you have any worries or problems in completing the questionnaire, a friend or relative may be able to help you. If still in doubt, do please contact the Prospect Study Office on [REDACTED].

Please return the questionnaire in the reply-paid envelope provided (no stamp is required).

We would like to thank you very much for taking part in the Prospect Study and for completing the questionnaire as your views and information about your recovery are very important to improving the management of women having prolapse surgery in the future.

With our very best wishes and thanks for your kind help,

Yours sincerely
