DECLINE FORM

We would find it really helpful to have a wide range of men and women over the age of 65 joining this study.

However, we quite understand if you do not wish to take part. If this is the case, we would be grateful if you could tell us the reason(s) why by placing a tick in as many boxes as apply to you from the list below:-

I am not interested in taking part in this study

I would not want to speak / see a case manager

I feel too unwell to take part in this study

The information sheet did not tell me enough about the study

Other reason

Please give more details here if you would like to:-

It would be very helpful if you would be willing to give us some brief details about yourself. **We will not be able to identify you from this form, and we will not contact you again.** We will use the anonymous

information that you provide to help us see if there are any differences between those who agree to take part and those who decline. **If you wish, please complete the background information questions overleaf, and return these forms in the pre-paid envelope provided. Thank you very much.**
