**Results Letter**  
**STOP Diabetes Research Study**

Dear «Patient\_Name» - «Patient\_DOB»

Thank you for taking part in the STOP  
Diabetes research study.

We said we would let you know what we  
found out at your Diabetes Health Check.

You had a blood test at the Diabetes Health  
Check.

The blood test told us that your blood sugar  
was normal.

This means you do not have diabetes.
