

Nursery Food Photography Study: nursery staff questionnaire

This questionnaire asks about your experiences of having researchers taking photographs of the food that children ate during their day. This questionnaire is anonymous and there are no right or wrong answers; we are simply interested to hear what you thought about this so we can make changes in the future. Please tick the appropriate circle like this on the scale for each statement.

	Strongly disagree	Disagree	Don't know	Agree	Strongly Agree
1. I felt well informed about the data collection process	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
2. The process of separating food to prepare for the photographs was not disruptive	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3. I found it acceptable for researchers to weigh an example plate of food served to the children	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
4. The process of taking photographs was not disruptive to the staff	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
5. The process of taking photographs was not disruptive to the children	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
6. The process of taking photographs before each snack and meal was acceptable	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
7. The process of taking photographs after each snack and meal was acceptable	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
8. I was not concerned about the content of the photographs taken	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
9. I knew that a member of staff checked all the photos at the end of the day	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
10. It was acceptable for the researchers to be given details of the food eaten	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

If you have any comments or feedback that would help us improve how we collect photographs of food in nurseries, please write it below.

Thank you. Please put it in the envelope and give the envelope to the researcher.
